11:08 AM

CSD310 - Kimberly

11:45 AM

CSD310 - Kimberly

Okay so I combined the wrong group people sorry U\_U I have two projects going on and I thought you were my second partner for a different class!

11:45 AM

CSD310 - Kimberly

I think it's just you and I on this project, for our Database class

11:47 AM

CSD310 - Brennan Cheatwood

11:48 AM

CSD310 - Brennan Cheatwood

CSD310 - Brennan Cheatwood

11:50 AM

CSD310 - Kimberly

Yeah we are having this issue too U\_U one of our partners isn't responding

11:50 AM

CSD310 - Kimberly

I don't really get what we are supposed to do for this 310 assignment U\_U

11:50 AM

CSD310 - Kimberly

I'm looking at it from my phone right now and I'm a little confused lolol

11:51 AM

CSD310 - Brennan Cheatwood

I don't think anyone expected a group project suddenly lmao... this is the first time I've had to ever get involved with groups

11:52 AM

CSD310 - Kimberly

Yeah I think so too T\_T

11:53 AM

CSD310 - Brennan Cheatwood

so for our project we're supposed to read through a case study and create business rules and an ERD for the rules...

CSD310 - Brennan Cheatwood

Project Milestones

CSD310 - Kimberly

CSD310 - Brennan Cheatwood I just downloaded the first case study (Bacchus Winery) if you're cool with that one

11:55 AM CSD310 - Kimberly Okay okay! I'll download that one too then

11:57 AM CSD310 - Brennan Cheatwood so it should be sorta easy for this first week, it's just a word document with our names and the business rules and ERD.. the next couple weeks will get a lil more complicated it looks like :/

CSD310 - Brennan Cheatwood I'm sure we'll be fine lol

11:57 AM CSD310 - Kimberly Yeah I think we can make it work once we get into the groove of things ><

11:57 AM CSD310 - Brennan Cheatwood sure thing, I'll see you at 5!

11:57 AM CSD310 - Kimberly Sounds good!

5:44 PM CSD310 - Kimberly Hi! So, I'm not at my PC rn, but I have the assignment pulled up on my laptop, and we can start the assignment whenever you are ready! I have a good idea on what we can do for this! Lmk when you are ready to discuss.

5:45 PM CSD310 - Brennan Cheatwood Sure, I'm ready

5:45 PM CSD310 - Kimberly Okay! Sounds great. Do you want to create the Word Document, or should I?

5:46 PM CSD310 - Brennan Cheatwood Whatever you think is easiest, or what do you think about a google doc? then we can make it a word doc we can both submit

CSD310 - Brennan Cheatwood <https://docs.google.com/document/d/1rxwylSM1t60INMIGvlgxgw6MJXgWtBepYd55Z2cAA/edit?usp=sharing>

CSD310 - Brennan Cheatwood I made a quick doc

5:47 PM CSD310 - Kimberly Okay! That works with me!

5:47 PM CSD310 - Brennan Cheatwood Sweet

5:48 PM CSD310 - Kimberly I requested editing access

5:48 PM CSD310 - Brennan Cheatwood approved! lol

5:51 PM CSD310 - Kimberly Would this be a good business rule?: Employees should log their worked hours weekly.

5:52 PM CSD310 - Brennan Cheatwood I think so, yeah

5:52 PM CSD310 - Kimberly And how about: Orders include order date, shipping date, and delivery status?

5:52 PM CSD310 - Brennan Cheatwood Yes, those are good ideas

5:53 PM CSD310 - Kimberly Each department should have one manager?

5:54 PM CSD310 - Brennan Cheatwood Yes I think so

CSD310 - Brennan Cheatwood Should we describe the inventory of like what kind of wine we sell?

5:55 PM CSD310 - Kimberly I think that would be a good idea

5:56 PM CSD310 - Brennan Cheatwood We should probably describe the suppliers

5:56 PM CSD310 - Kimberly oh yeah thats true

5:56 PM CSD310 - Brennan Cheatwood I'm just going off of the paper lol idk how many rules are needed

5:56 PM CSD310 - Kimberly yeah I think one more should be okay

5:57 PM CSD310 - Brennan Cheatwood sounds good

6:02 PM CSD310 - Kimberly Lmao why isnt it working U\_U

6:03 PM CSD310 - Brennan Cheatwood idk lmao it's bugging me

6:04 PM CSD310 - Kimberly Maybe its cuz u have the stuff underneath it

6:06 PM CSD310 - Brennan Cheatwood this is awful lmao

CSD310 - Brennan Cheatwood maybe word would've been better lmao

6:06 PM CSD310 - Kimberly U\_U

CSD310 - Kimberly I have no idea why its doing that

CSD310 - Kimberly its so weird

CSD310 - Kimberly I dont think we can work on a word at the same time can we?

6:07 PM CSD310 - Brennan Cheatwood I think we can but it would take forever to setup :/

CSD310 - Brennan Cheatwood microsoft login constantly lol

6:07 PM CSD310 - Kimberly U..U Maybe we can fix it in post

6:07 PM CSD310 - Brennan Cheatwood good idea

6:07 PM CSD310 - Kimberly Like once we transfer it to a word

6:07 PM CSD310 - Brennan Cheatwood Yeah

CSD310 - Kimberly

6:15 PM CSD310 - Brennan Cheatwood sounds great, thank you! Is there a way we can collaborate on the same sheet? (notepad)

6:16 PM CSD310 - Kimberly Uh..h I dont really know

CSD310 - Kimberly It doesnt show an option here

6:17 PM CSD310 - Brennan Cheatwood i figured lol

6:17 PM CSD310 - Kimberly if we could it would probably cost money U..U

6:17 PM CSD310 - Brennan Cheatwood yeeaaaaaaa nah

CSD310 - Brennan Cheatwood I'll be back in like 10 mins, gotta do laundry

CSD310 - Brennan Cheatwood brb

6:18 PM CSD310 - Kimberly okok

6:40 PM CSD310 - Brennan Cheatwood I'm back

6:41 PM CSD310 - Kimberly hi I have all the entities down and now Im working on connecting them all

CSD310 - Kimberly I should be done in like 5 min I think

6:41 PM CSD310 - Brennan Cheatwood Great!

6:52 PM CSD310 - Kimberly

CSD310 - Kimberly

CSD310 - Kimberly Let me know if its right or not 🙄

CSD310 - Kimberly oh wait

CSD310 - Kimberly i messed up

6:55 PM CSD310 - Brennan Cheatwood That's a great start, but I think Distributor needs to have a many-to-many with Wine Order

6:55 PM CSD310 - Kimberly I see it where the supply is

6:55 PM CSD310 - Brennan Cheatwood And Supplier and Supply

CSD310 - Brennan Cheatwood yeah

CSD310 - Brennan Cheatwood no worries

6:56 PM CSD310 - Brennan Cheatwood That's a great start, but I think Distributor needs to have a many-to-many with Wine Order

6:56 PM CSD310 - Kimberly ok ok i can change it

CSD310 - Kimberly >D

6:56 PM CSD310 - Brennan Cheatwood You're doing a lot more work than I am lol, I appreciate it!

6:57 PM CSD310 - Kimberly Lmao no you did a lot of the rules and assumptions

CSD310 - Kimberly gotta pull my weight >D

6:57 PM CSD310 - Brennan Cheatwood I believe inventory needs a direct connection to supply though since inventory gets restocked bc of supply

6:57 PM CSD310 - Kimberly So supply to inventory right?

6:57 PM CSD310 - Brennan Cheatwood yesh

6:58 PM CSD310 - Kimberly Would it be one to many?

CSD310 - Kimberly Since one inventory can have many supplies

6:58 PM CSD310 - Brennan Cheatwood I believe many to many?

6:58 PM CSD310 - Kimberly oki oki

6:59 PM CSD310 - Brennan Cheatwood I could be wrong my brain's not at full capacity rn lol

6:59 PM CSD310 - Kimberly xD thats okay

CSD310 - Kimberly Im sure we can fix it later if its wrong

CSD310 - Kimberly plus we are doing a lot so I think a small mistake would be okay

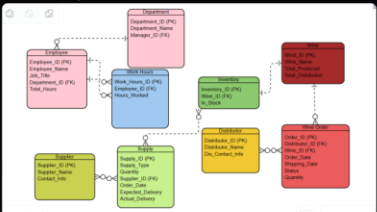

6:59 PM CSD310 - Brennan Cheatwood yeah I think it's supposed to be revised throughout the milestones

CSD310 - Brennan Cheatwood yeah

CSD310 - Brennan Cheatwood we're goooooood

7:00 PM CSD310 - Kimberly

CSD310 - Kimberly

CSD310 - Kimberly I have this one now

7:01 PM CSD310 - Brennan Cheatwood Ok I think I messed up, you were right.. Supply to inventory is one to many

7:01 PM CSD310 - Kimberly oki oki dw

7:01 PM CSD310 - Brennan Cheatwood and then inventory to wine is also one to many

CSD310 - Brennan Cheatwood I think supplier to supply is also one to many

7:05 PM CSD310 - Kimberly I thought since multiple suppliers can produce to multiple Supplies ><

CSD310 - Kimberly But one to many makes more sense

7:05 PM CSD310 - Brennan Cheatwood it's kinda mind-numbing lmao.. but the more I think ab it it's sorta clearer

CSD310 - Brennan Cheatwood idk

7:06 PM CSD310 - Kimberly xP We chillin I think it makes more sense one to many

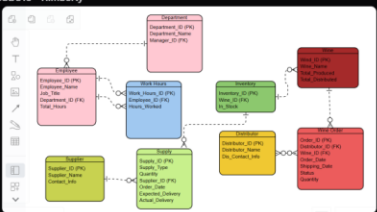

7:06 PM CSD310 - Brennan Cheatwood cause like each supply order comes from one supplier

7:06 PM CSD310 - Kimberly I think many to many will make it complicated

CSD310 - Kimberly yeah yeah your right

CSD310 - Kimberly >D

CSD310 - Kimberly

7:06 PM CSD310 - Brennan Cheatwood It's so tedious lol

7:06 PM CSD310 - Kimberly This is what I got now

7:07 PM CSD310 - Brennan Cheatwood sweet! looks great

7:07 PM CSD310 - Kimberly @CSD310 - Brennan Cheatwood It's so tedious lol

7:07 PM CSD310 - Kimberly lkr U\_U But its a process

7:08 PM CSD310 - Brennan Cheatwood alright it's in the doc, now I think we convert to PDF and push it to each of our githubs?
